VELCRO® Brand

## Made in the USA for PPE

### Benefits

- Wide variety of products proudly manufactured in the United States
- Berry Amendment compliant products
- Current supplier to the United States Military
- Engineered solutions to fit any application

### Hook Offerings

- **VELCRO® Brand Hook 88**

Nylon-based woven textile hook with medium peel and shear values and high cycle life. It is available with or without adhesives, fire retardant treatment, can be welded or sewn, and meets many US compliance and regulatory standards. MIL-SPEC option Type 2 Class 1 or Class 4 available. Suggested mating with VELCRO® Brand Loop 1000.

- **VELCRO® Brand HTH 745**

Low-profile, nylon-based molded high-technology-hook with high cycle life. It is weather-resistant, can be welded (including RF welding) or sewn, and has a soft feel compared to our woven hooks. Meets MIL-SPEC AA55126 Type 4 Rev C. Standard 100 by OEKO-TEX® certified. Suggested mating with VELCRO® Brand Loop 1000 and Loop 3610

- **VELCRO® Brand HTH 805**

Low-profile nylon-based molded high-technology-hook with high cycle life. It is available with or without adhesives, can be welded (including RF welding), and sewn and is weather-resistant. Suggested mating with VELCRO® Brand Loop 3610
